

A white VR headset is shown from a front-facing perspective. It has a sleek, modern design with two prominent black sensors on the front. The headset is positioned centrally, with the text overlaid on its face.

INSTRUCTION MANUAL FOR PC VR GAME

REQUIREMENTS:

1_Meta Quest 2 / Meta Quest 3

2_Cable Air Link (wireless) or cable USB-C

MINIMUM PC SPECIFICATIONS:

1_Memory: 8 GB of RAM or more

2_Operating System: Windows 1

3_Processor: Intel i5-4590 / AMD Ryzen 5 1500X or higher

4_Graphics Card: NVIDIA GeForce series 9 or higher

5_USB Ports: 1

1. Connect the headset to the PC using Air Link or a USB-C cable.

2. Turn on the headset and connect it to the Internet.

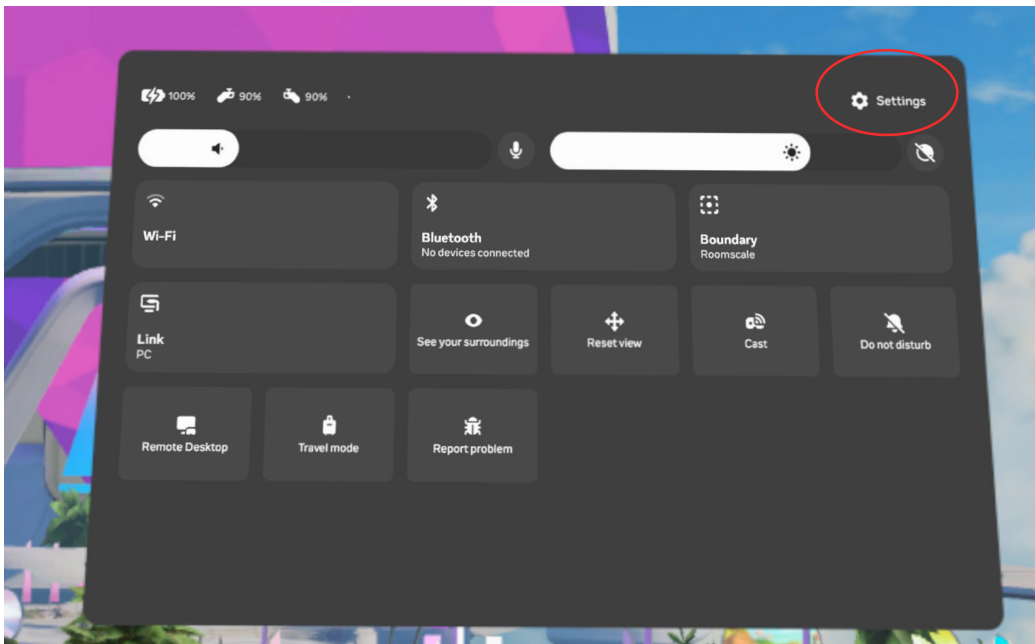

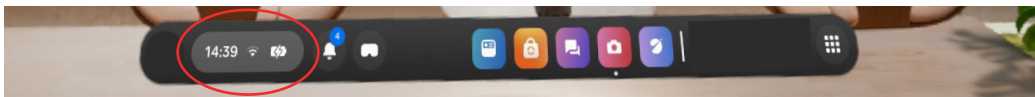

3. Go to the Meta website:

www.meta.com/it/quest/setup/

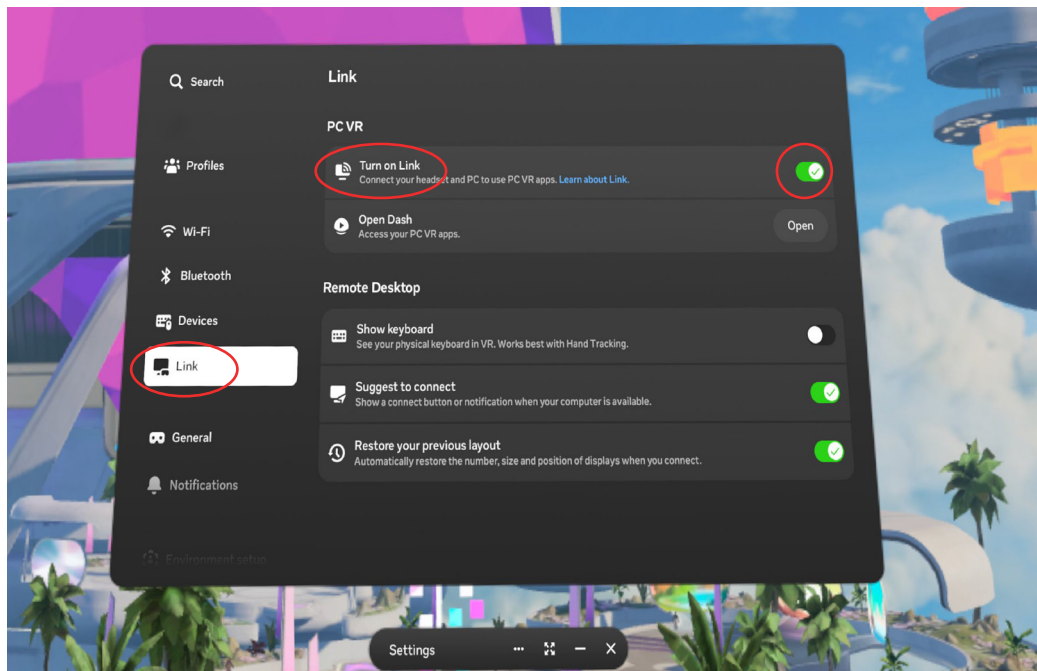

select your headset model and download the Air Link application by clicking “Download Meta Horizon Link”.

4. After installation, the Meta application will open automatically on your PC.
This will happen every time you access the connection via cable.

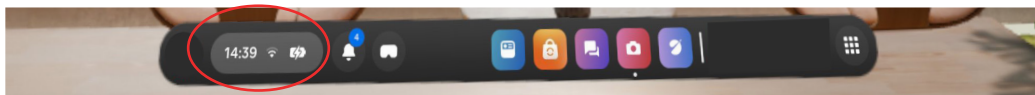

5. While wearing the headset, click on the battery, Internet, and time icons, then click on the gear icon “Settings”.

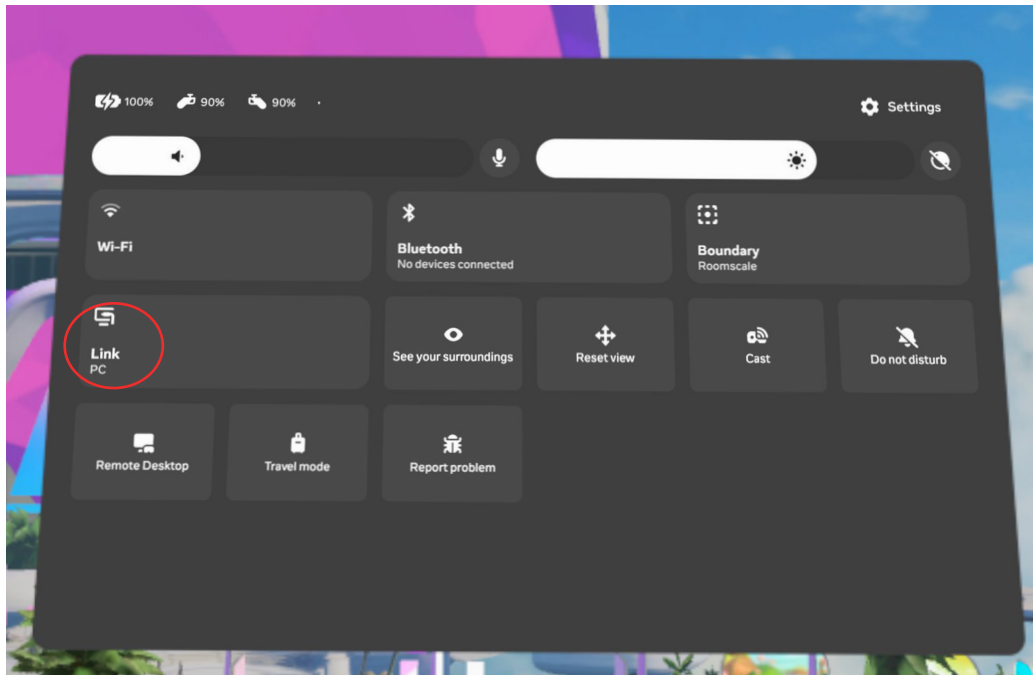

6. Select “Link” and turn on the switch for “Turn on Link”.

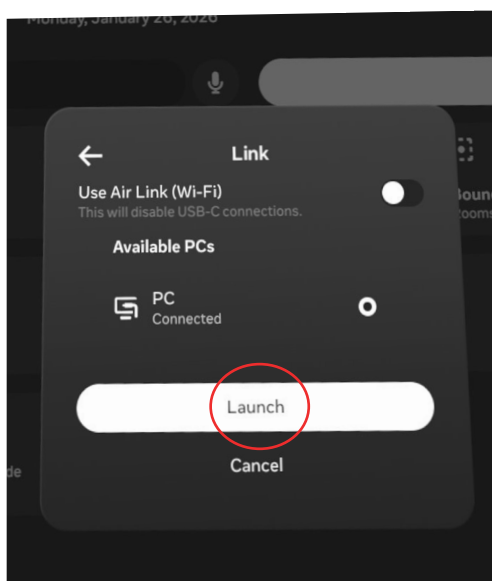

7. Return to the main screen and select the button below the battery, internet, and time icons.

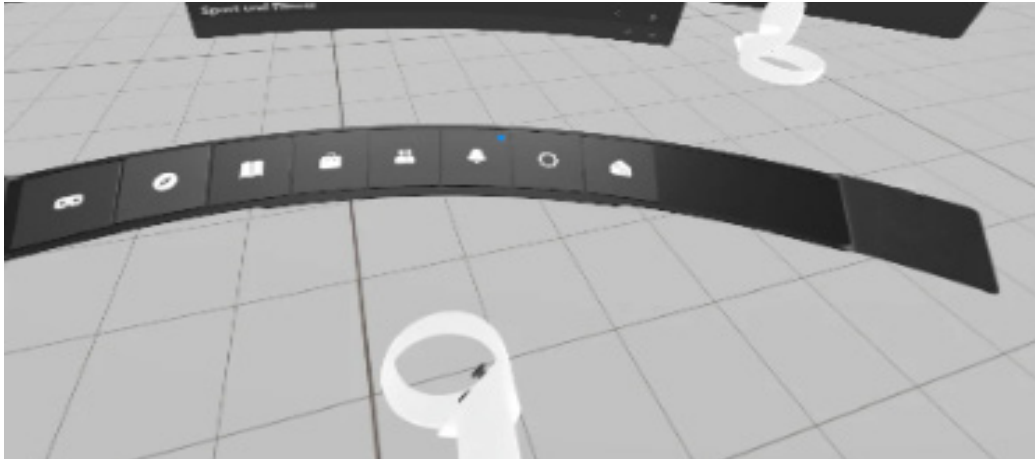

8. Click “Link”.

9. Click “Launch”.

10. Once connected, select the application “Hidden Gem Ascoli Piceno” on your PC to start the VR experience on your headset.

11. To exit, press the headset icon (Disable Quest Link) and select Disable.
